

GERMANY AND AUSTRIA FOR PEACE  
FAVORABLE TO THEIR OWN CAUSENO BASIS FOR DISCUSSION  
FOUND BY STATE DEPARTMENT  
IN ENTENTE PEACE MESSAGES

Emperors Wilhelm and Charles Indulge in Vague Generalities Which Promise Nothing, Concede Nothing and Commit Governments to No Definite Course Is Opinion Expressed at Washington After First Perusal of Responses to Rome's Intercession.

Stress Laid  
On Kaiser's  
Good Intent

By Associated Press.  
The full text of Germany's answer to Pope Benedict's peace note shows the German government expressing deep appreciation of the papal effort to bring about peace and greeting "with special sympathy the leading ideas of the peace appeal," embodying the papal conviction that "the material powers of arms must be suppressed by the moral power of right."

No Basis for Discussion.  
The first examination of the reply, officials thought, failed to disclose anything in the nature of terms which would afford a basis for discussion.

Secretary Lansing authorized no quotation of any opinion for the government, but it was clearly indicated at the state department that such consideration as has been given to the reply has failed to develop any reason for any alteration of the aims or intentions of this government either in the conduct of the war or in any peace adjustments that may be undertaken later.

Emperor as Pacifist.  
Stress is laid upon the claim that Emperor William all through his reign has been animated by pacific purposes and that he did his utmost to prevent the present war. The papal recommendations for limitations of armament and settlement of disputes by arbitration are sympathetically alluded to, and it is declared that the German government will in this respect support this proposal compatible with the vital interest of the German empire and people.

It is pointed out particularly that representatives of the German people were taken into confidence in preparing its reply to the papal note.

No Definite Statement.  
Nothing approaching a definite idea of what Germany's terms would be were a peace conference called, is contained in the note.

In Field of Hostilities.  
In the field of hostilities, the British campaign in Flanders alone commands widespread interest at the moment.

Today's reports show General Haig to be holding fast to all the valuable ground he gained Thursday, in the face of the most persistent German counter attacks. The Germans heavily increased their losses in these efforts, the British official statement notes, but failed to achieve any compensating gain.

The only point at which the Teutonic thrusts were even temporarily successful was east of St. Julien, and here the Germans were immediately driven out of the small section of ground they had penetrated.

Three counter attacks in all were delivered last evening by the Germans. Apparently they had become exhausted by the failure of the first two efforts, for the third attack made east of Langemarck did not have to be faced by the British infantry, the artillery alone being able to cope with it.

Heavy fighting was reported this morning near Lower Hamlets, where the German resistance from the first has been most obstinate. The British left held fast under this attack, but there was uncertainty in the early advice as to the situation on the right of this sector.

Naval Works Bombed.  
Another phase of the entente campaign in German-held Belgium territory had a development today in a British naval attack on Ostend. Naval works there were bombed this morning with results that are pronounced satisfactory by the British admiralty. Three German seaplanes were shot down.

GEN. ALEZIEFF  
QUITS; FRIEND  
OF KORNILOFF

Petrograd, Sept. 22.—General Alex left has resigned his post as chief of the general staff, under Premier Kerensky, the commander-in-chief of the Russian armies, according to reports today. The resignation is said to be due to differences with the premier, the latter insisting on removal from headquarters of all officers under suspicion of complicity with General Korniloff.

Vatican in  
Plea to End  
Recruiting

Rome, Sept. 22.—Cardinal Gasparri, papal secretary of state, tonight emphasized to the Associated Press the views of the vatican regarding a solution of the war by the suppression of conscription, and also a joint commercial boycott of any nation which refused to disarm, the occasion being the publication in the Italia of Milan of an article on the peace plan of the Holy See. It is evident from the article that the vatican aspires to destroy German militarism.

The Italia declares that the Holy See in its call for peace out of a feeling of delicacy toward the belligerent powers would not, as indicated, be a practical means with which to obtain and maintain disarmament leaving the nations to decide the means. Cardinal Gasparri said, however, the Holy See is convinced that among all the plans suggested so far, the only practical and possible one is the following:

To Suppress Service.  
"By an accord among the civilized nations, including neutrals, to suppress obligatory military service, to institute an arbitration tribunal, and as a guarantee to direct the general boycott against nations which again attempt to introduce conscription or which refuse to submit international questions for arbitration, or accept its decision, a guarantee which Lord Robert Cecil (British parliamentary under-secretary for foreign affairs) has shown great benefit."

"It was made evident in the article that the vatican did not hope for a period when there would be no more wars, but believed that it would be possible to limit them."

The Present War.  
Regarding the present war, the newspaper maintains that the contending parties would be obliged to come to some terms other than those directed by the force of arms for otherwise the course of the next few years, the inhumanity and wealth of the world would be swallowed up.

CONGRESS MAY  
BE IN FOR AN  
INVESTIGATION

Chairman Flood of House Committee on Foreign Affairs Reports Step Contemplated

CHARGES MADE ON FLOOR  
AROUSING THE MEMBERS

Washington, D. C., Sept. 22.—Chairman Flood of the house foreign affairs committee, declared today after conferring with Secretary Lansing, that he thought there probably would be a house investigation of Count von Bernstorff's plans to influence congress by spending \$50,000, as mentioned in his dispatches to Berlin.

Secretary Lansing sees little that a congressional inquiry could develop, but charges made on the floor yesterday by Representative Heflin that certain members had "acted suspiciously" and "veiled accusations made by other representatives in interviews probably will force an investigation, Mr. Flood said.

NO PROTECTION  
FOR I. W. W. IN  
GOPHER STATE

Woorhead, Minn., Sept. 22.—Thirty-five members of the I. W. W., who were lodged in the local jail last night, after being driven out of Sabine, Minn., yesterday, were charged with being vagrants today and their cases will be heard Monday morning. The arrests were made following complaints that the men were hindering the harvesting of the potato crop there.

Old Indian Fighter Relieved as Chief of Staff, But Fighting Days Not Over

GENERAL BLISS BECOMES  
CHIEF AMERICAN FORCES

Washington, Sept. 22.—Major General Tasker H. Bliss today was named chief of staff of the army to succeed Major General Hugh L. Scott, who retires from office tomorrow.

General Scott, who is 64 years old, has reached the age of retirement but he immediately will be recalled to active service Secretary Laker said that for the present the general would be assigned to duty in connection with the training of troops in the United States, but would not specify the command.

General Bliss has been acting chief of staff since General Scott left for Russia several months ago as a member of the American mission. He also will reach the age of retirement Dec. 31, next, but before his appointment today there were intimations that he would remain as chief of staff for at least those three months. When the American forces begin to reach France in large numbers, however, the strain on the chief of staff will become so great that a younger officer may be called upon to bear the burdens of the office.

Scott May Go to Front.  
General Scott's assignment to duty in connection with the training of troops, it is believed, will be followed later by his appointment to a field command, possibly a division, at the front. He has eagerly sought such a command. Possibly his services may be found valuable as a connecting link between the training camps in France and in the United States, there having been some discussion at the war department of the advisability of providing for closer co-ordination of the training courses so that no courses would be repeated unnecessarily.

CHINESE TROOPS  
MAY BE IN WAR  
ZONE BY JAN. 1

President and Cabinet Have Agreed to Plan to Send Trial Division of 24,000

PREMIER IN FAVOR OF  
SENDING IN 300,000

Peking, China, Sept. 22.—The president and cabinet have agreed to a plan of sending a trial division of 24,000 Chinese soldiers to France, if money, equipment and shipping are available. The entente allies have approved the proposition, and France is eager to receive the contingent.

The Chinese probably could reach France by Jan. 1. An abundant number of fairly well trained soldiers is immediately available for the expedition.

The premier is in favor of sending 300,000 men, and the provisional authorities are heartily in support of the plan, in the event that the Canton provisional government gives its approval to the war with Germany.

General Lokonsky Real Instigator of Alleged Revolution in Russian Banks

Petrograd, Sept. 22.—Revelations made today regarding the Korniloff rebellion elucidate the fact that General Korniloff was a tool in the hands of his chief of staff, General Lokonsky, and they also show the extreme carelessness with which the conspiracy was prepared.

The official army organ of the Romanoff front describes how the conspirators attempted to neutralize the army commissary and officers at the front, whose devotion to the provisional government had been shown.

TROOP TRAIN  
TO BE MADE UP  
IN BISMARCK

More Than 1,000 National Guardsmen Will Entrain Here Next Week for Charlotte

DATE OF DEPARTURE  
REMAINS DOUBTFUL

Everything Depends on Speed Shown by Railways—Members of Regiments Ready

A solid train will be made up here as soon after Monday as equipment can be provided to carry the 1,000 national guardsmen stationed here, and picked up at Bismarck and Dickinson, to Camp Green, Charlotte, N. C., where Flickertail guardsmen are to train.

Co. M, Second Infantry, of Beach, and the Second regiment machine gun company, of Dickinson, the only units stationed west of the river, will be brought in on special cars attached to No. 4 or No. 8. The train proper, to be made up here, will consist of a dozen or more tourist sleepers and baggage cars, and one Pullman for the headquarters and staff.

Everything Ready.  
The First regiment has almost 700 men stationed at Fort Lincoln as members of the Second battalion and the sanitary detachment. All of the latter companies—A of Bismarck, F of Mandan, K of Dickinson and H of Jamestown, have been recruited up to full war strength of 150, or better, and with the officers will number in the neighborhood of 200. While the sanitary detachment increases the total to near 700, Co. I of the Second musters 160 men, and the headquarters company of the Second 51. There are 33 men in the supply company, and with the headquarters staff the number of men to embark here easily will reach 1,000.

The train will be the largest to be made up at any one point, as nowhere else in the state are so many guardsmen stationed. The train will have the further advantage of enjoying music en route, as the Second regiment band of Harvey goes as a section of the headquarters company.

Staff Officers.  
Staff officers who will be carried by the Bismarck train are: Col. Frank White of Valley City, Lieut. Col. T. H. Tharion of Grand Forks, Major C. F. Mudgett and C. E. Geary, Regimental Adjutant H. F. Murphy and Battalion Adjutants F. C. Neumeier, E. R. Orchard and Ronald Macdonald, all of the Second, and Major Dana Wright and Battalion Adjutant Alex Steinbach of the Second battalion of the First.

Company commanders who will be included in this group are Captains Murphy, Wilson, Barker and Gray, of A, F, K and H, respectively of the First; Captain Welch of Co. I, Captain (Continued on Page Three)

Passenger: Arriving From England Tell of Steamers Sunk Few Hours From Land

TWO DESTROYERS OUT  
OF CONVOY ARE LOST

An Atlantic Port, Sept. 22.—Passengers who arrived from England today on an American steamship brought circumstantial reports that five British steamers and two destroyers, out of a convoy fleet of six which left Lough Swilly, Ireland, Sept. 1, were sunk by German submarines within a few hours' run of the port of departure.

Story Told by Survivors.  
The story was told among others by wrecked seamen who were survivors of other submarine vessels and by merchant ship officers, who had been in Lough Swilly.

The five vessels, it was said, conveyed by the destroyers, put to sea shortly after midnight, and they were attacked by massed submarines at daylight the following morning. The news of the disaster was learned when the destroyers, which escaped, put back to port, bringing survivors of the torpedoed merchantmen and war vessels.

May Have Sunk U-Boats.  
The closest secret was immediately thrown about the incident, the merchant ship officers said. It was reported that one and possibly two of the U-boats were sunk by the destroyers.

Argentine to  
Declare War  
On Germany?

Fact That Emperor Wilhelm Sustains Course Adopted by Luxemburg Brings Crisis

FORMAL DECLARATION  
EXPECTED DURING DAY

Buenos Aires, September 22.—Argentina probably will sever relations with Germany as the result of new developments Friday, the Associated Press learns from a high official source.

News that Emperor William had expressed approval of the loyalty displayed by Count von Luxemburg, the dismissed German minister, was received here just before the opening of debate in the chamber of deputies today on the resolution declaring for a rupture of relations between Argentina and Germany. This was looked on in some quarters as likely to hasten materially the decision in favor of a break.

The senate has already passed the resolution and President Irigoyen has announced that he is willing to follow the dictates of the people.

The chamber of deputies late Friday postponed discussion until today of the crisis with Germany caused by the unfriendly action of Count von Luxemburg, the dismissed German minister. This postponement was taken after receipt of a statement from Foreign Minister Pueyrredon that the government has received new information which he will present to congress today.

After a meeting of the ministry this afternoon it was announced that the government was prepared to take grave and rapid measures in view of certain new developments.

A high government official declared that these measures probably would include an immediate declaration of war against Germany, to be followed by the dispatch of troops to Europe.

REPLIES TO HIS HOLINESS WILL NOT  
ALTER ATTITUDE OF AMERICAN CHIEF

Washington, D. C., Sept. 22.—The replies by Germany and Austria to Pope Benedict's peace proposal contain nothing that will in any way alter the position of the U. S. as outlined in the president's reply to the Pope.

Wilhelm Sees  
Need of Free  
Seas at Last

Amsterdam, Sept. 22.—The German reply to Pope Benedict's peace proposal declares the special measures taken by the government in closest contact with the representatives of the German people to discuss the questions raised proves how earnestly it desires to find a practical basis for a just and lasting peace.

Continuing, the reply says Germany fully recognizes with his holiness the high peace producing effect of arbitration to decide international differences, and in this respect Germany is ready to support every proposal compatible with the vital interests with the German empire and people.

Favors Passing of Arms.  
The German reply says the imperial government greets with special sympathy the leading idea, in which his holiness clearly expresses the conviction that the future material power of arms must be superseded by the moral power of right.

The reply says, in part: "Appreciating the importance of his holiness' declaration, the imperial government has not failed to submit the suggestions contained therein to earnest and scrupulous examination. Special measures which the government has taken in closest contact with representatives of the German people for discussing and answering the questions raised, prove how earnestly it desires, in accordance with his holiness desires and peace resolutions of the reichstag, to find a just and lasting peace."

Freedom of High Seas.  
"We share his holiness' view that definite rules and certain safeguards for a simultaneous and reciprocal of armament on land and sea and in the air as well as a true freedom of the community of the high seas are the things in treating with the new spirit that in the future should prevail in international relations should first find hopeful expression. The task would then of itself arise to decide international differences of opinion not by use of armed forces, but by peaceful methods, especially by arbitration, whose high peace producing effect, we, together with his holiness, appreciate."

"The imperial German government will in this respect support every proposal compatible with the vital interests of the German empire and people. Wish a Fraternal Spirit.

"Germany, owing to her geographical situation and economic requirements has to rely on peaceful intercourse with her neighbors and distant countries. No people have more reason than the German people to wish that, instead of universal hatred and battle, a conciliatory fraternal spirit should prevail between nations."

Repetition impossible.  
"If the nations are guided by this spirit, it will be recognized to their advantage to lay more stress on what unites them. They will also succeed in settling individual points of conflict, which are still undecided in such a way that conditions of existence will be created which will be satisfactory to every nation and thereby a repetition of this great world catastrophe would appear impossible."

Hope Enemies See Light.  
"Only on this condition can a lasting peace be founded which would promote an intellectual rapprochement and a return to the economic prosperity of a human society. This serious and sincere conviction encourages our confidence that our enemies may also see a suitable basis in the ideas submitted by his holiness for approaching nearer to the preparations of future peace under conditions corresponding to a spirit of reasonableness and to the situation in Europe."

Thankful for  
New Evidence  
Of Affection

Amsterdam, Sept. 22.—The reply of Emperor Charles of Austria-Hungary to the peace note of Pope Benedict says a dispatch from Vienna was handed to Monsignor T. Valtre, Di Bonzo, the papal nunzio at Vienna on Thursday.

Hope is expressed by the emperor that the Pope's efforts may lead to the realization of the emperor's desire for a lasting and honorable peace for all parties. Pope Benedict's note, the emperor says, was received with a thankful heart.

The text of the reply follows: "Holy Father: "With due veneration and deep emotion we take cognizance of the new representations your holiness, in fulfillment of the holy office entrusted you by God, make to us and the heads of the other belligerent states with the noble intention of leading the heavily tried nations to a unity that will restore peace to them."

Have Looked to Pope.  
"With a thankful heart we received this fresh gift of fatherly care which you, holy father, always bestow on all peoples without distinction, and from the depths of our heart we greet the moving exhortation which your holiness has addressed to the governments of the belligerent peoples. During this cruel war we have always looked up to your holiness to the highest personage who, in virtue of his mission which reaches beyond earthly things and thanks to the high conception of his duties laid upon him, stands high above the belligerent peoples and who is inaccessible to all influence, was able to find a way which may lead to the realization of our own desire for peace, lasting and honorable for all parties."

"Since ascending the throne of our ancestors and full conscious of our responsibility which we bear before God and men for the fate of the Austro-Hungarian monarchy, we have never lost sight of the high aim of restoring to our peoples as speedily as possible the blessings of peace. Soon after our accession to the throne it was vouchsafed in common with our allies, to undertake a step which had been considered and prepared by our exalted predecessor, Francis Joseph, to pave the way for a lasting and honorable peace."

Pace Desire Told.  
"We gave expression to this desire in a speech from the throne delivered at the opening of the Austrian reichstag, thereby showing that we are striving after a peace that shall free the future life of the nation from rancor and a thirst for revenge and that shall secure them for generations to come from the employment of armed forces. Our joint government has in the meantime not failed in repeated and emphatic declarations, which could be heard by all the world, to give expression to our own will and that of the Austro-Hungarian peoples to prepare an end to bloodshed by a peace such as our holiness has in mind."

"Happy in the thought that our desires from the first were directed toward the same object which your holiness today characterizes as one we strive for, we have taken into close consideration the concrete and practical suggestions of your holiness and have come to the following conclusion:

"With deep-rooted conviction we agree to the leading idea of your holiness that the future arrangement of the world must be based on the elimination of armed forces and in the moral force of right and on the rule of international justice and legality."

Urges Reduced Armaments.  
"We, too, are imbued with the hope that a strengthening of the sense of right would morally regenerate humanity. We support, therefore, your holiness' views that the negotiations between the belligerents should and could lead to an understanding by which, with the creation of appropriate guarantees, armaments on land and sea, and in the air, might be reduced simultaneously, reciprocally and gradually to a fixed limit, and thereby the high seas, which rightly belong to all the nations of the earth, may be freed from domination or paramountcy and be opened equally for the use of all."

Fully conscious of the importance of the promotion of peace, on the methods proposed by your holiness, (Continued on Page Three)

NEWS OF NORTH DAKOTA AND NORTHWEST

STATE HAS RIGHT TO PROTEST ACTS OF THE GOVERNOR

Harry Curran Wilbur, Red Cross Secretary, Says Kick Will Be Carried to Capitol

LaMoure, N. D., Sept. 22.—When the governor of North Dakota attempts to use the power of his office to guarantee shelter and asylum to those who come to preach the doctrine that so nearly wrecked the new-born Russian republic, when he sends his attorney general to Fargo with instructions to force the loyal patriotic people of that city to turn over their buildings to those who have been denied a resting place by every other neighboring state, when he attempts to construe the law that guarantees "freedom of speech" as giving protection to those who preach sedition, disloyalty and the repeal of the law at whose summons your own boys have marched away, when he says we must give them shelter in Fargo that they may put through a program that experience itself has taught means stalling our troops in the back, then I rebel and I protest with every ounce of power in my being. And if it need be, I shall carry that protest to the very steps of the capitol at Bismarck, and if the men of North Dakota will not go with me, thank God the loyal patriotic mothers and sisters of our soldiers will.

The speaker was Harry Curran Wilbur, executive secretary of the North Dakota state chapter of the Red Cross, replying at a Red Cross rally here to charges made by Langer in defense of Frazier.

"It was only this week—and I read now from the report as given in the Fargo Courier-News of September 19—that the attorney general of North Dakota, speaking to the men who were leaving to fight our fight, to bat-

tle for the sacred cause of freedom everywhere, said:

Langer's Charge.  
"Governor Frazier is your governor—the governor of and for the common people—that say friends in the way the corporation kept press and the corporation fed attorneys do not like him. If Governor Frazier were a man whom they could cajole, handle, or order about, then there would be no cry of 'giving without stint'—no concerted attempt to make the people of this state believe that he is an ally of the I. W. W. or that he had betrayed a trust."

"And then, a little later, and I am reading now from the same report of what he said, so I take it is authentic: 'I mention these facts to you today because attorneys who in the past have prostituted their honor are now going about under the cloak of patriotism and deliberately seeking to mislead the public concerning this man—and the hostile political press has gladly taken up the cry. It is these men and that press under the guise of patriotism and the pretense of being the only sincere patriots, whom you carefully need to watch—both day and night—not your governor, Lynn J. Frazier.'

Would Forsake Profession.  
"My friends, I am not an attorney, and so have not the honor of being a member of the North Dakota bar, but if I were an attorney, as Mr. Langer is, and I honestly believed any such thing as he has said of me, I would pull down my shingle and leave that profession and earn my livelihood in an environment where I could retain my self-respect."

"The bar of North Dakota needs no defense from me. Its record is made up. It is its own defense. And I say 'Shame! Shame!' to whoever seeks to belittle their efforts for their country."

CO. M OF BEACH GOES SHORT TWO OFFICERS

Lieut. William Paulson of Bismarck Now in Charge of Guard Unit

Beach, N. D., Sept. 22.—Co. M of Beach is one of a number of companies of the Second North Dakota which will enter for Camp Greene, Charlotte, N. C., short of officers. Neither Capt. Charles I. Cook nor Lieut. R. A. Sprague have yet received their commissions, although Brigadier Gen. Mann, before he relinquished the post of chief of militia bureau, advised General Fraser that he had recommended to the war department that those officers and 20 others who did not qualify under the service act of June, 1916, be commissioned. Lieut. William Paulson, a veteran of Co. A, First regiment, Bismarck, is temporarily in command, and probably will remain at the head of Co. M until officers are named at Camp Greene.

Valley City, N. D., Sept. 22.—Hailed as North Dakota's greatest immigration congress, a conference of representatives of Griggs, Steele, Barnes, Ransom and Sargent county promoters will be held here Oct. 3 for the purpose of organizing the Sheyenne River Valley Region Development bureau. The meeting is called by P. A. Pickett and Frank Sanford, members of the executive committee for Barnes county.

SOUTH DAKOTA CORN ACREAGE LEADS ALL

Wheat Goes Into Second Rank in Sister State—More Pigs Than People

Pierre, S. D., Sept. 22.—The South Dakota corn acreage for 1917 slightly exceeds that of wheat, according to figures of the state council of defense, just published. The former totaled 3,972,464 and the latter 3,720,000, with oats a close third, running 2,556,000 acres. The only other crop going over a million acres was barley, 1,234,705 acres. The national council of defense finds 1,890,729 cattle, 668,646 horses, 1,098,792 hogs and 547,197 sheep on South Dakota farms.

Will be at M'KENZIE HOTEL

Tuesday and Wednesday, October 9th and 10th.

One Day Only

No Charge for Examination

Dr. Mellenthin is a regular graduate in Medicine and Surgery and is licensed by the state of North Dakota. He visits professionally the important towns and cities and offers to all who call on this trip consultation and examination free except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids. He has to his credit many wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bed-wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

If you have been ailing for any length of time and do not get any better, do not fail to call, as improper measures rather than disease are very often the cause of your long standing trouble.

Remember above date that examination on this trip will be free and that his treatment is different. German spoken. Address: 338 Boston Block, Minneapolis, Minn.

He went into business in Chicago, lost everything in the big fire; started again in Wisconsin, couldn't stand the "chills and ague," and emigrated to Nebraska, where he farmed near Gilead from 1880 until last year. In addition to the son here and a daughter in South Dakota, a son survives in Nebraska.

You Can Shake Loose from The Tortures of Rheumatism

By using S. S. S. The germs of Rheumatism are in the blood, which is laden with millions of the minute demons of pain, causing untold suffering and bringing its victim from vigor and strength to almost helplessness. To get real and genuine relief from this disease, these disease germs must be completely routed out of the system through the blood. S. S. S. has been used for fifty years with satisfactory results in the treatment of Rheumatism. It acts directly upon the blood, which it promptly purifies of all disease germs. It is a powerful antidote, and eliminates from the blood all trace of rheumatic germs, building up and strengthening the run-down system. Write to-day to your medical director, who will give you valuable advice regarding the proper treatment of your own case. Address: Swift Specific Co., Dept. 1 Atlanta, Ga.

## SCOTT MAY GO TO FRANCE AT HEAD

(Continued from Page One.)

Early after the troops reach France Career Remarkable.

General Scott, who is a native of Kentucky, and who graduated from West Point in 1872, had an unusual career. Much of his active service has been spent in the Indian country, but he also won fame in the Philippine insurrection and several times he has achieved remarkable results as a peace maker. In 1915 he negotiated an agreement with the battling factions in Mexico which protected the American border town of Nogales from the fall of shells and bullets. The arrangement was made with General Villa, then a revolutionary leader, and General Calles, of the Carranza forces.

When the Plute Indians in Utah took to the war trail two years ago

to protect one of their number from arrest and battles with posses had been fought, General Scott journeyed through the snow to the Indian mountain stronghold, accompanied only by an orderly, and induced the accused chief to return with him and surrender. The only promise the general made was that there was to be a fair trial. The outcome was due solely to the trust the Indians imposed in the bluff soldier.

General Elias was appointed to West Point from Pennsylvania in 1881 and was an honor graduate of the artillery school.

## BEATING BOOZE WILL HELP U. S. TO WIN IN WAR

Mrs. Elizabeth Preston Anderson Addressing W. C. T. U. Convention Makes Prediction

**TEMPERANCE WORKERS HAVE FIGHT TO COME**

Valley City, N. D., Sept. 22.—The United States, in the abolishment of liquor manufacture for the duration of the war, took its greatest stride in insuring ultimate victory, said Mrs. Elizabeth Preston Anderson, president of the North Dakota W. C. T. U., who delivered her annual address at the state convention last evening.

Quoting the assertion of Kaiser Wilhelm of Germany that that nation would win which consumed the least alcohol, made at the outset of the war, Mrs. Anderson declared the United States and her allies were in a fair way to make good on that proposition.

"How far the attitude of the German mind which today justifies the imperial program of ruthlessness, and the striking out from the German vocabulary the word 'humanity,' is due to the drinking of almost universal beer habit, cannot be determined," said Mrs. Anderson. "It would be interesting to know, however, if the false philosophy of such teachers as Nietzsche, which has had great influence in shaping German thought, could be accepted by the people whose finer spiritual perceptions were not more or less sodden with drink."

**National Prohibition.**

That the W. C. T. U. must prepare itself for a bitter fight in every state legislature, if it would win national prohibition, was Mrs. Anderson's warning to the state convention, as she traced the progress of the proposed constitutional amendment barring liquor in the nation.

**THANKFUL FOR NEW EVIDENCE OF AFFECTION**

(Continued from Page One.)

namely, to submit international disputes to compulsory arbitration, we are also prepared to enter into negotiations regarding this proposal.

"If, as we most heartily desire, agreements should be arrived at between the belligerents which would realize this sublime idea and thereby give security to the Austro-Hungarian monarchy for its unhampered future development, it can then not be difficult to find a satisfactory solution of the other questions which still remain to be settled between the belligerents in a spirit of justice and of a reasonable consideration of the conditions for existence of both parties."

**Here for Free Sea.**

"If the nations of the earth were to enter, with a desire for peace, into negotiations with one another in the sense of your holiness' proposals, then peace could blossom forth from them. The nations could attain complete freedom of movement on the high seas, heavy material burdens could be taken from them, and new sources of prosperity opened to them."

"Guided by a spirit of moderation and conciliation, we see in the proposals of your holiness a suitable basis for initiating negotiations with a view to preparing a peace, just to all and lasting, and we earnestly hope our present enemies may be animated by the same ideas. In this spirit, we beg that the Almighty may bless the work of peace begun by your holiness."

## TROOP TRAIN TO BE MADE UP IN BISMARCK

(Continued from Page One.)

Murphy of headquarters and Captain Rock of supply company, Second regiment.

A majority of the commissioned officers stationed here are married men, and their wives will accompany them to Charlotte, where many already have obtained apartments. Charlotte is a beautiful, progressive, northern-influenced city of 35,000, in the foothills region, and, next to Palo Alto, Cal., originally considered as a training camp for the North Dakotans. It is as desirable a site as could be asked. The climate is splendid, and the officers feel that their stay there will be a pleasant one. The fact that the Dakotans are assigned to Camp Greene, near the Atlantic seaboard, is taken to indicate that they will be among the first state troops dispatched to the French front.

**Departure Date Doubtful.**

"We will leave not sooner than Monday—and probably not later than Thursday—everything depends upon the promptness with which the railway companies can provide equipment," said Battalion Adjutant Murphy this morning.

O. F. Ohlsen of the Northern Pacific, representative of the American Railway association, detailed to special service in connection with the mobilization of the guard, has had plans worked out months in advance. Routings have been in the hands of company commanders for weeks, and every unit is ready to go. The boys have practically everything they need in the way of equipment. Their heavy tentage has been shipped to Camp Greene. Their field ranges and mess kits have been shipped to home stations, and they have their blankets and full outfit of clothing.

The boys are all up on their toes today, anxious to be off Bismarck. They have shown them a good time, but they are looking forward to real action, and they expect to get it when they reach Camp Greene. Everything around the

## Bismarck District Headquarters Food Conservation Work

Additional congressional appropriations have made possible the employment of eight more women in the home economics department of the extension work carried on from the North Dakota agricultural college, Director Thomas Cooper announced today. As a result the state has been divided into eight districts, and an extension worker assigned to each district, with headquarters at a central point therein, as follows:

- 1.—Divide Burke, Rosville, Williams, Minot, Ward and McKenzie; headquarters at Minot.
- 2.—Bottineau, Rolette, Towner, McHenry, Pierce, Benson and Ramsey counties; headquarters at Rugby.
- 3.—Cavalier, Pembina, Walsh, Nelson, Grand Forks and Towner; headquarters at Fargo.
- 4.—Steele, Cass, LaMoure, Dickey, Ransom, Sargent and Richland; headquarters at Wahpeton.
- 5.—Sheridan, Wells, Eddy, Foster, Stutsman, Griggs and Barnes; headquarters at Carrington.
- 6.—McLean, Larleigh, Kidder, Emmons, Logan and McIntosh; headquarters at Bismarck.
- 7.—Golden Valley, Billings, Dunn, Stark, Mercer Oliver and Morton; headquarters at Mandan.
- 8.—Slope, Hettinger, Bowman, Adams, Grant and Sioux; headquarters at Minot.

The services of these extension workers will be available to country communities and villages within their district. Their work will be principally in connection with conservation of food and development of better home management. The campaign in North Dakota will be waged in furtherance of the general propaganda of food production and conservation, as conducted by the United States department of agriculture. A trained woman will be permanently stationed in each district. It is hoped that there may be developed interest sufficient to warrant the assigning of a trained woman home demonstration agent to each county later on, to devote her entire time to the women's problems of these communities. Miss Julia Newton of the home economics extension department will spend a few days each month in each of the cities named as district headquarters, where study classes and groups will be formed to give consideration to the problems of the home and methods of food use.

## Note These Fine-Car Features on Saxon Roadster at \$395

Electric starting and lighting system, two unit type, built by Wagner.	High-speed Saxon Continental Motor.	Streamline body.
Demountable rims.	Schebler carburetor.	Fedders radiator.
30-inch by 3-inch tires.	Speed transmission.	Atwater-Kent ignition.
	Dry plate clutch.	Extra long vanadium steel springs, cantilever type.
	Hyatt Quat Bearings.	

Check those features one by one. Think of the convenience of merely stepping on a button to start your motor.

Think of the added smoothness, the greater economy, the finer performance given by the 3-speed transmission.

Consider the fact that the tires are 30 inch by 3 inch. That means that Saxon Roadster has more tire surface in proportion to car weight than any other car in the world.

So you are practically immune to tire trouble.

Every feature of Saxon Roadster is a feature of high-quality and known reputation.

No other car within \$300 of the price of Saxon Roadster has all these features.

And Saxon Roadster is a wonderfully able car. The Continental motor is unusually powerful and flexible.

It pulls smoothly and quietly "on high" or "in low."

You note instant power-response to the least pressure on the accelerator.

And above all else, Saxon Roadster is the world's low-cost car to drive. It has established a grand average of 30 miles per gallon of gasoline.

10,000 miles to the set of tires is its tire-average. And a complete two-year record of total operating costs on thousands of Saxon Roadsters shows an average of 3c per mile. Price is \$395. f. o. b. Detroit.

## Program Announced for Annual Meeting of Votes for Women League

The program has been announced for the annual convention which the North Dakota Votes for Women League will hold in the Capital City Tuesday and Wednesday of next week. Mrs. Elizabeth Darrow O'Neill of Fargo is chairman of the program committee and Mrs. W. H. Eidenstab of Bismarck is chairman of the committee on general arrangements.

The North Dakota league has already taken up a great amount of patriotic work and as an organization will devote its efforts the ensuing year to patriotic service along various lines rather than to local endeavors as formerly. The Red Cross work will be for the most part left to individual workers the league as an organization will most likely concentrate more upon the food proposition.

The National Suffrage association has two pieces of important news for the Bismarck convention on Saturday, September 15. Senator Jones chairman of the senate woman's suffrage committee, filed a report on the federal amendment with favorable recommendation. This places the amendment on the calendar where it can be called up for vote at the most auspicious time after the opening of the next session. On Thursday, September 13, Senator Shafroth's bill empowering the legislature of Hawaii to extend the franchise to women of the territory by legislative act or to submit to a referendum of the people, passed the senate without discussion or objection.

Patriotic topics have a prominent place on the program for the convention. The program follows:

**Tuesday Morning, Sept. 25.**  
Registration of delegates.  
Reports of officers and committees.  
Recording secretary—Mrs. Angela Blanchard, Dickinson.  
Corresponding Secretary—Mrs. Mary Dick, Wimbledon.

Today the bandmen of the Second regiment were given an extra feed by the ladies at the Masonic temple.

**Entertaining Eastern Guest.**  
Mr. and Mrs. E. H. L. Vesperman of Avenue A are entertaining as their guest, Mrs. F. J. Hart of Sioux City, Ia. Mrs. Hart is a sister-in-law of Mrs. Vesperman.

**Plays Wedding Music.**  
Miss Mabel Wright, formerly organist at the First Presbyterian church, played the wedding music at the large church wedding last Wednesday in the Minot Methodist church, when Miss Reba Wells, a University of North Dakota girl, became the bride of Fred J. Rush of that city.

**To Leave With Husband.**  
Dr. E. M. Bolton-Henry is arranging to leave next week with her husband, Major Frank S. Henry, for Charlotte, N. C., who, with his regiment, has been ordered to the cantonment at that place. Dr. Bolton will have a charge of her practice during his absence in the south.

**TEACHERS' INSTITUTE IS STARTED FOR WEEK OF OCT. 1**

The date for the annual Burleigh county teachers' institute has been announced for the week of Oct. 1. The institute will be held in the court room at the court house.

Miss Candice Nelson, formerly of the Valley City normal will conduct the institute, and will be assisted by Miss Fisher of the Valley City normal faculty. The second day sessions will be devoted to a meeting of the Burleigh County School Officers' association.

**ILLNESS FATAL TO YOUNG BISMARCK LAD**

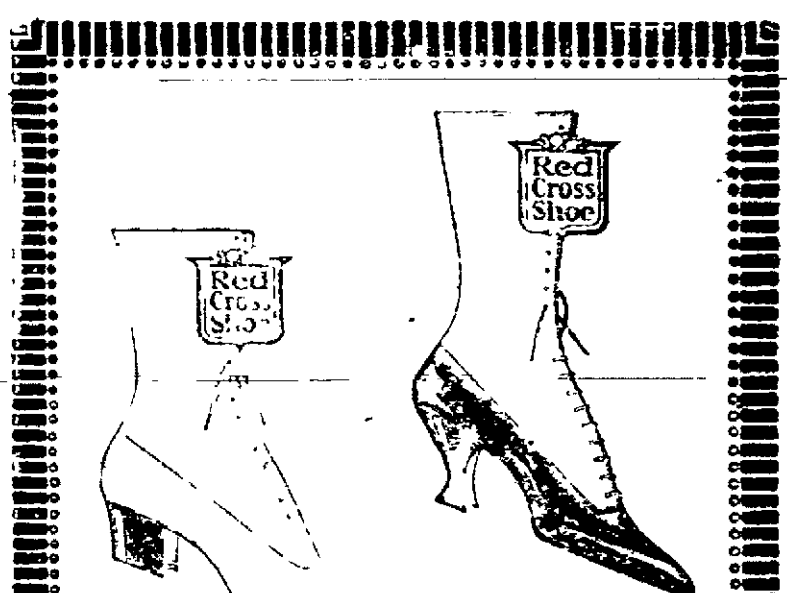

Paul McLaughlin, 10-year-old son of Mr. and Mrs. Samuel McLaughlin of the Franklin house, died last evening in a local hospital after a 48-hour illness.

The lad was apparently in his usual health when he started to school on Thursday. That evening about 9 o'clock he was taken ill and was removed to a hospital, where he grew rapidly worse. A short funeral service will be held in the funeral parlors of Webb Brothers this evening before the body leaves on No. 2 for Centerville, where interment will be made.

## Come in today and see the favorite styles for fall

At first sight you'll fall in love with one of these dainty Red Cross Shoe models. You'll forget the pretty shoes they have been wearing this summer, for the desire to don these new creations is almost irresistible—they are so beautiful. The variety of styles is unusual; each model has its individual claim to distinction.

Choose your style and try it on. When you see how trim and neat it makes your foot, how snugly it fits, how readily it "bends with your foot" you'll like it so much more—you'll know the real blessing of the Red Cross Shoe.

Why not come in today?  
Thoughtful women in these days are paying Red Cross Shoe prices—moderate prices.

## Bismarckers Give Last Farewell Dance for the Boys in Khaki

It was a happy throng who assembled in the Masonic temple and Armory Friday night to attend the big farewell reception and dancing party for the boys of Companies A and I and Headquarters company, given under the auspices of the Women's Auxiliary to Company A. Young and old took this opportunity to make merry with the boys in khaki before they leave next week for Charlotte, N. C. to enter training.

The boys were received by Col. and Mrs. Frank White, Lieut. Col. T. J. Tharalson, Major and Mrs. Frank S. Henry, Adjutant General Angus Evans, Major Dana Wright, Capt. A. B. Welch, Capt. John Rock, Capt. Murphy, and a committee of the auxiliary. Dancing began shortly after 9 o'clock and was kept up until nearly 2 o'clock. Music for the dance was furnished by the Second regiment band and O'Connor's orchestra.

As an additional entertainment, Duncan Gordon, famous bagpipe player, played at both the armory and temple. The temple was made festive with clusters of autumn blooms and the national colors. Luncheon was served in the dining room of the temple to all the visitors.

The Women's Auxiliary to Company A has most successfully worked for the comfort of the boys of the local companies, and has provided several fine entertainments and feasts for them. No organization in the city has accomplished more in providing food and needed necessities for the boys. The general committee on the

It must not be thought that of the banana plant the fruit alone is eaten, for in tropical countries the pith of the stem, the top of the floral spike, and also the young shoots are used as food. The fibers of the leaves are used for thread, cloth and ropes.

THE KAISER'S A FINE FELLOW

It Must Be So, It's in the Schoolbooks

Spread of German "Kultur" in "Made-in-Germany Text Books Arouses School Officials.

Cincinnati, O., Sept. 21.—Kaiser Wilhelm's first wish is to serve the German nation.

The militaristic crown prince is greatly beloved by the German people.

Germany MUST have a great army because it is surrounded by enemies.

Germany is great because of the Bismarck "blood and iron" formula.

The Germans have proven on many battlefields that they fear no one.

King Wilhelm of Prussia, Bismarck and Von Moltke, Germany's "blood and iron" welders, were great men.

NONE of Germany's children love her SO MUCH as the Germans who have come to AMERICA.

Germans who have left "the Fatherland" must NEVER forget the German tongue, but must hold it as the dearest of all gifts, OR WOE BE TO THEM.

Not true? Sounds like a German conspiracy? Don't believe it?

Well, it all MUST be true, for every one of these statements, and others like them, are found IN THE ONE PLACE where above all others "the truth, the whole truth and nothing but the truth" is found (or should be found)—A PUBLIC SCHOOL TEXTBOOK.

The book is "Im Vaterland," a text book for classes in German used in high schools all over the land, and just now the storm center in a drive on German "kultur" in Cincinnati, Columbus and other Ohio cities.

"Im Vaterland" is an imaginary trip through Germany in which by the dialogue method American boys and girls studying the German language are expected to assimilate German kultur in the same way as on an actual tour.

Those who have started the Ohio drive on this bit of the kaiser's propaganda in America claim that is exactly the result. They point out pupils studying "Im Vaterland" get a sort of rear-platform-of-the-observation - car idealized view of Germany, and find extolled the very world-menace which President Wilson has said America cannot tolerate.

The frontispiece of "Im Vaterland" is a full-page portrait of the kaiser, with all his medals. The

Deutschland über alles.

Hoffmann von Fallersleben. Musik bearbeitet von JOSEPH BAYER.

1. Deutschland, Deutschland über alles in der Welt, wir wollen dich allein mit Gott und Kaiser.

2. Deutsche Frau - du bist die schönste aller Frauen, die du bist die schönste aller Frauen, die du bist die schönste aller Frauen.

3. El - nig - ket un -

Ich, von der Erde bis in den Himmel, ich bin ein deutsches Kind, ich bin ein deutsches Kind, ich bin ein deutsches Kind.

The Kaiser in all his glory and "Deutschland Ueber Alles," some of the "kultur" in the school text "Im Vaterland."

German imperial eagle is imprinted on the cover of the book.

The author of the text, Paul Valentine Bacon, in his preface announces the book's purpose is to give the American student a better "appreciation of the German means," and to broaden and deepen "his knowledge and love" of Germany and things German.

The preface takes pride in the fact that "Im Vaterland" was "made in Germany," and is based on actual, personal experience.

Bacon says the manuscript was reviewed and criticized by teachers in Prussia, Saxony and Bavaria, and therefore is presumably entirely satisfactory to them.

It is. But it is not satisfactory to teachers in Cincinnati and Columbus, at whose hands it is now coming in for a little, after-publication review.

Columbus school officials have barred "Im Vaterland."

R. J. Condon, Cincinnati superintendent of schools, has ordered a kultur hunt in all German textbooks.

Wilson has asked their allegiance to the fight of their new home; land against Prussian treachery is indicated by the following literal translations of excerpts from the poetry which, with German songs (including "Deutschland Ueber Alles"), supplements the imaginary trip through Germany:

In a poem "The Germans in Foreign Lands" Felix Dahn says: "You Germans, beneath strange stars in distant lands across the sea, do not forget your language—resonant with harmony, strong and gentle, your only mother tongue in all parts of your old country, that echoes within your souls. Woe and shame to him who forgets it."

and your boys and girls should hold, as the dearest of all gifts, the treasure of the German tongue."

Kuno Francke's "America's Greetings to Germany" contains a German-American viewpoint hardly consonant with war conditions: "O Germany, of all your children, none love you so dearly as we Germans, far from you across the sea!"

"You are more to us than Mother, you are the peace of our lives; you are our dreams and our laughter, you are a blessing to our world."

"O Germany, glory of all the lands under the wide heavens, accept, to the day of honor, greetings from the new world."

HISTORY OF HUGHES ELECTRIC RANGE READS LIKE ROMANCE OF MODERN BUSINESS, SAYS PRESS

George Hughes, brother of Sen. E. A. Hughes of Bismarck and son of the late Judge Alexander Hughes, one of the commission which removed the territorial capital from Yankton to Bismarck in 1883, is hailed in a feature article running in the Montana press as the hero of one of the real business romances of that state.

George Hughes began his career as a Twin City newspaper man. Later he went to Fargo as state representative for the St. Paul Dispatch. There he became interested in electricity; decided some competition would do the local company good; went before the council and got a franchise, interested his father in the proposition, and discovered his particular niche in the world.

He later installed successful electric power and lighting plants in several North Dakota and Montana cities, and then in casting about for something which would boost consumption of current he invented the Hughes Electric range, which is known the world over and which is making its inventor a millionaire several times over.

It was not until 1910 that Hughes could induce anyone to seriously consider his vision of universal use of electricity for cooking. In that year he exhibited at St. Louis a complete electric range which would do the job.

Still the electric world, as a whole, laughed at him, but he returned to Chicago, interested sufficient capital to build a factory, started putting out electric ranges and selling them, and today he's in a position where he buys a two-page display in the Saturday Evening Post and other high-priced advertising mediums "just like nothing."

The first carload of Hughes "Electric" ranges were bought by the Montana Power Co. of Billings. The Hughes Electric Co. of Bismarck was another pioneer in the field, having installed 200 electric ranges in this city when Bismarck had not more than 7,000 population. At Salt Lake City a bakery is using a Hughes electric oven which turned out 25,000 loaves of bread at a whack. Many of the largest hotels in the country have installed them. Mr. Hughes only recently paid to Montana the visit which occasioned his break into public prints. He went to visit his daughter, wife of Grant Call, who went to Great Falls from Bismarck fifteen months ago to become manager of the Goodrich-Call Lumber Co., and his two little grandchildren.

Practice Economy. The sure standard, "Eat enough food and no more," rightly followed, would reduce greatly food bills in many homes and at the same time tend to improve the physical condition of all members of the household.

FIRST PICTURE OF GERMANS TAKEN PRISONER IN ALLIES DRIVE

In the detention camp which this field is a part of, 10,000 German prisoners are under guard. Ever since the British started their recent drive against the German lines thousands of German prisoners can be found on the roads on their way to the detention camps back of the lines.

**NOTICE OF FINAL ACCOUNT AND DISTRIBUTION OF ESTATE.**  
STATE OF NORTH DAKOTA, County of Burleigh. In County Court before Hon. H. C. Bradley, Judge. In the Matter of the Estate of J. Alfred Nelson, Deceased:  
Helen S. Nelson, petitioner, vs. all persons interested in the estate of J. Alfred Nelson, deceased, respondents.

The State of North Dakota to the Above Named Respondents:  
You the said respondents are hereby notified that the final account of Helen S. Nelson, executrix of the last will of J. Alfred Nelson, late of the city of Minneapolis, in the county of Hennepin, and state of Minnesota, deceased, has been rendered to this Court, therein showing that the estate of said deceased is ready for final settlement and distribution, and petitioning that his account be allowed, the residue of said estate be distributed to the persons thereunto entitled, his administration closed and he be discharged; that Monday, the 22nd day of October, A. D. 1917, at ten o'clock in the forenoon of that day at the court rooms of this Court in the city of Bismarck, County of Burleigh, and State of North Dakota, has been duly appointed by this Court for the settlement thereof, at which time and place any person interested in said estate may appear and file his exceptions, in writing, to said account and petition and contest the same.

And you, the above named respondents, each of you, are hereby cited and required then and there to be and appear before this Court, and show cause, if any you have, why said account shall not be allowed, the residue of said estate distributed, the administration of said estate closed and said executrix be discharged.

Dated the 8th day of September, A. D. 1917.

By the Court: H. C. BRADLEY, Judge of the County Court.

Let the foregoing be served by publication in the Bismarck Tribune once each week for four consecutive weeks. (Seal) H. C. BRADLEY, Judge of the County Court.

## AMERICA BIDS FOR PENINSULA NEAR ALASKA

Rumor Current in Russia That Billions of Rubles Are Offered for Kamchatka

Petrograd, Sept. 22.—The Russian Vohla says a strange rumor was circulated yesterday that the Russian government intends to sell the Peninsula of Kamchatka, on the northwestern coast of Siberia, to America.

The report said Americans were offering several billion of rubles for the territory.

The project is prompted by the financial difficulty of the treasury and the desire of the government not to increase the national debt.

## ARMY REFUSES PROTECTION TO WHITE SLAVER

When John H. Bennett, familiar Bismarck character, sought sanctuary in a United States army fort, he reckoned without his host. The strong arm of the law as personified by Big Chief Martenson and Sheriff French, reached out to far distant San Antonio and placed its hand on Bennett, and in a day or two he will be en route to Bismarck to stand trial on a charge of white slavery, in which one of his alleged victims is the chief witness for the state.

Bennett has been the defendant in a number of actions of a similar character. Recently, Chief Martenson established a case against him which seemed conclusive. When a warrant was sworn out, Bennett could not be found. It was learned a few days ago that he had enlisted in the United States army, and that he was stationed at San Antonio. Sheriff French wired the commandant at San Antonio yesterday and today received a message advising that his prisoner would be ready for him when he called.

The witness against Bennett is alleged to have turned against her alleged master when the latter administered to her a severe beating.

HENRIETTA CROSMAN AND "ERSTWHILE SUSAN" BOTH AT AUDITORIUM TONIGHT.

One of the most notable of this season's dramatic attractions is announced for tonight at the Auditorium, when Henrietta Crosman and her superb supporting company in "Erstwhile Susan," will be seen here for a single performance. This comedy enjoyed a most successful run in New York city at the Gaiety theatre.

It is from the pen of Marian de Forest, who, it is said, has excelled her admirable work in dramatizing Lewis M. Alcott's "Little Women," which in itself was a notable achievement. The play is founded upon Helen R. Martin's novel, "Barnabette," although Miss de Forest has drawn upon Mrs. Martin's other books and her own imagination for many of the amusing dramatic situations. She has contrived for Miss Crosman one of the most sympathetic as well as just humorous roles that the distinguished actress has ever essayed. Mrs. Cros-

man appears this season under the direction of Joseph Riter, who has surrounded his star with a most able company, and a scenic production that is accurate to the minutest detail.

## ARMY REFUSES PROTECTION TO WHITE SLAVER

When John H. Bennett, familiar Bismarck character, sought sanctuary in a United States army fort, he reckoned without his host. The strong arm of the law as personified by Big Chief Martenson and Sheriff French, reached out to far distant San Antonio and placed its hand on Bennett, and in a day or two he will be en route to Bismarck to stand trial on a charge of white slavery, in which one of his alleged victims is the chief witness for the state.

Bennett has been the defendant in a number of actions of a similar character. Recently, Chief Martenson established a case against him which seemed conclusive. When a warrant was sworn out, Bennett could not be found. It was learned a few days ago that he had enlisted in the United States army, and that he was stationed at San Antonio. Sheriff French wired the commandant at San Antonio yesterday and today received a message advising that his prisoner would be ready for him when he called.

The witness against Bennett is alleged to have turned against her alleged master when the latter administered to her a severe beating.

HENRIETTA CROSMAN AND "ERSTWHILE SUSAN" BOTH AT AUDITORIUM TONIGHT.

One of the most notable of this season's dramatic attractions is announced for tonight at the Auditorium, when Henrietta Crosman and her superb supporting company in "Erstwhile Susan," will be seen here for a single performance. This comedy enjoyed a most successful run in New York city at the Gaiety theatre.

It is from the pen of Marian de Forest, who, it is said, has excelled her admirable work in dramatizing Lewis M. Alcott's "Little Women," which in itself was a notable achievement. The play is founded upon Helen R. Martin's novel, "Barnabette," although Miss de Forest has drawn upon Mrs. Martin's other books and her own imagination for many of the amusing dramatic situations. She has contrived for Miss Crosman one of the most sympathetic as well as just humorous roles that the distinguished actress has ever essayed. Mrs. Cros-

man appears this season under the direction of Joseph Riter, who has surrounded his star with a most able company, and a scenic production that is accurate to the minutest detail.
